JUNIOR HACK ATTACK

JUNIOR HACK ATTACK FEATURES

- With all the key features of the Hack, the Junior is lighter weight and more transportable with lower top speeds, developed to train serious young athletes
- Unique three-wheel design, hitter has clear visibility through feeding motion, acceleration and release
- Pitches include fastballs, risers and drops, plus right- and left-handed screwballs
- Instant fine-tuning between pitches with both elevation and inside/outside adjustments
- Head pivots instantly in any direction for all fungo work

Extremely portable, quickly rolls on and off the field on travel wheels (not pitching wheels).
